Four decisions for the customer plan

1. **Customer issue**
   Situation + evidence
2. **Communication fit**
   Customer analysis + benchmark
3. **Make Real Clear**
   Messages + channels + mockups
4. **Pilot investment**
   Timeline + budget + outcomes

HIDDEN / Q&A EVIDENCE

Where the budget comes from and why

Where the numbers come from

- ARC's proposed planning estimates for the 12-week pilot
- Built from the pilot scope: 3 products, 12 core assets, 20 store locations, 10 interviews, 600 survey responses
- Each share = category budget ÷ $150,000 total
- Estimates, not vendor quotes: rates are confirmed before launch

Purpose (categories)	Share	Why
Reach Paid social & digital media + Creative & content production	**36.7%**	YouTube and Instagram reach most U.S. adults (84% / 50%); the 12 assets need media to be seen.
Proof Research & customer testing + Measurement & analytics	**20.0%**	Baseline and post-test (600 responses) show whether to scale or revise.
Access Website / QR implementation + Retail activation	**23.3%**	QR codes at 20 shelf-card locations open the product facts hub.
Delivery ARC strategy & oversight + Contingency	**20.0%**	ARC coordination and reporting, plus a buffer for changes.
